

## DISPLAYS FROM STATE'S WARDS

To Form Prominent Feature of Exhibits at Ohio State Fair, September 5 to 9.

Exposition Program Replete With Educational and Entertainment Features.

The work of the various State institutions is to be brought prominently before the public eye. Practical demonstrations are to be made as to the benefits derived from the large appropriations annually made in their support by the legislature. This is to be accomplished by exhibits of the handiwork of inmates at the Ohio State Fair to be held in Columbus, September 5, 6, 7, 8 and 9. The public generally is unacquainted with the good results accomplished by the different State institutions. They know little as to how the State is educating and caring for its wards. That all may have opportunity of becoming familiar with the work of the institutions, the managers of the Ohio State Fair conceived the idea of installing displays from their farms, schools and workshops.

Among the exhibits will be those from School for Deaf, Boys' Industrial School, School for Blind, Girls' Industrial Home, Ohio Penitentiary, Mansfield Reformatory, Institute for Feeble Minded, Soldiers' and Sailors' Orphans Home, and others. These displays will be found in the handsome structure known as the Women's Building.

Ohio's Exposition will be open both

day and night, and its program is replete with many novel educational and entertainment features. Among the latter will be spirited harness racing, band concerts by Weber's famous organization, twenty free circus acts, while each night visitors will be thrilled by Paine's stupendous, pyrotechnic production, "Battle in the Clouds." This feature depicts the prominent part aeroplanes will play in war of the future, and in the unfolding of its story 250 people are employed, making it the greatest and grandest free attraction ever presented to an American public.

## SPORT COMES NEAR ENDING IN TRAGEDY

Rockford Lads Have Unenviable Experience Riding Cow-Catcher of C. N. Engine.

[Lima Republican Gazette.]

Paul Burgess, 16, and Reggie Truby, 14, members of prominent families of the village of Rockford, south of Van Wert, had a most narrow escape from death while riding on the cow-catcher of a Cincinnati Northern locomotive while enroute home from Celina yesterday.

As the train was passing through Tamah the engine struck a horse, which was instantly killed. The boys, who had been riding with their backs to the wind, were hit by the animal's body and driven against the hot boiler, one receiving a broken nose and the other severe bruises. They clung to the rods and escaped being thrown to the track.

The train was brought to a standstill and the lads entered the coach, not telling of their injuries until they

reached home. Both had money and tickets, but were riding on the head end of the engine for the sport of it.

## SLAUGHTER OF SULLIVAN

Did you notice how former State Printer John L. Sullivan, of St. Mary's, was harpooned by the bosses when his name was presented to the State convention as a candidate for the Republican nomination for Secretary of State? Mooney's nomination was a part of the Cox-Burton deal. Despite Burton's break with Cox on the governorship, Cox gave 60 of Hamilton County's 91 votes to Mooney as an object lesson to show Burton how Cox will "stand hatched" on a political deal.

But it was in the northwest where Sullivan was sacrificed without mercy. Phipps had withdrawn from the race, but wherever he could throw a vote to Mooney he did so. Phipps threw the entire vote of his home county, Paulding, against Sullivan.

It is presumed that Phipps is to be made assistant Secretary of State in case Mooney is elected.

Curing, O. May 26, 1910.

To Whom It May Concern:

As I read the many testimonials from different people, where they are being and have been cured with Nature's Creation, I can say that some have more praise to give than I have or should give to the medicine that has done me so much good and has saved me from doctor bills.

Before taking Nature's Cure I was doctoring all the time and nothing did me any good and was so weak from coughing day and night that I could not work.

I was advised by a friend to try the remedy, so I sent and got one bottle and after taking same for one week I began to get good and sleep well at night, so I continued taking medicine and in three weeks started to work the first day of December, 1909, and have been working ever since, and am working and feeling fine and gaining in weight and also in weight, and can tell properly and tell the truth that Nature's Creation cured me of lung trouble and has saved my life.

So having this testimonial will be the cause of helping others who are suffering as I did for years, I am,

Yours respectfully,

*Henry Schunck*
